Word-search puzzle on

Malware

I have found _____ terms

Contact me at: _____ (email or phone number)

We've hidden more than 100 malware-related terms in plain sight in the grid, in straight lines reading in all directions (multi-word phrases without spaces or hyphens). We've picked out an obvious one in red to get you started. **Draw rings around and count up all the terms you can find, write the number above, then send the completed sheet to Information Security to enter the competition.** If you need clues, check out the malware glossary and other awareness materials in the intranet *Security Zone*. The answers will be published in the *Zone* next month.
